**Instructions for Installation and Care of Can-Am Maverick Soft Rear Window**  
CA-MAVERICK-RW01

**Caution: Do not smoke inside the cab or expose the enclosure to direct flames. Product is FLAMMABLE.**

Be sure to read these instructions thoroughly before opening and installing the rear window. The installation is best done when the temperature is 70 degrees F. or warmer. The temperature affects the adhesive Velcro, if conditions prevent installing in warmer weather it helps to store the adhesive Velcro at room temperature prior to installation.

1. Carefully open the carton and remove the rolled-up Cab Enclosure on a large flat surface that is clean and free of dirt or other material that may soil or scratch the windows of the Cab. Check over the parts included in the carton with the parts list shown below:

Velcro Hook strips:	2 each	12" long
“ “	5 each	3" long (1 extra)
“ “	2 each	6" long
Rear Window	1 each	

**If any parts are damaged or missing please contact customer service at (606) 845-7439.**

2. Begin installation of the Rear Window by hanging it by the four double-sided Velcro strips sewn along the top of the panel. The main difference here is that the top of the Rear Window will be on the inside of the roll cage as shown in the photos below.

3. The sides of the Rear Panel will attach using the 6" and 12" adhesive strips. (NOTE: The top Velcro strip on the sides may be a tight fit between the bars but will work just fine.) See photo below

4. Make sure that the Rear Window is centered correctly and then move to the bottom of the panel and take the straps down and around the side bars and then up and through the ladder lock. Do NOT pull them too tight because when the seats are replaced they will be pushing on the rear window. See photo below:

#### **Cleaning and Storage Recommendations:**

1. Before removing the Cab for storage, make sure it is very clean in order to prevent scratching of the window panels. Clean with a soft rag or sponge using a mild liquid detergent soap and warm water solution. Never rub the windows with a dry cloth or rag! Let the Cab dry thoroughly before attempting to roll for storage.
2. It is important that the Cab be rolled up for storage rather than folding. Folding will cause damage to the windows!!! Carefully roll up the Cab similar to the way it was when it was packed at the factory. On a large, clean and flat surface, fold the doors over the rear panel first, then, interleave the top and windshield on top of the doors. Begin rolling the Cab into a roll approximately 8 inches in diameter. Put the rolled Cab back into the carton for storage at a normal room temperature. It is best not to expose the Cab to either extreme hot or cold temperatures when storing.
3. A special cleaner conditioner is available from Falcon Ridge that will greatly increase the service life of the Cab Enclosure. In addition, if additional hook and loop sets are needed, they can also be ordered.

**Thank you for your purchase!**

## Return Policy

If for any reason you choose to return this product it must be returned within **30 days from date item is received**. You **MUST** package the product exactly **as it was originally packaged from the factory to get a full refund for the product!**

The vinyl windows should never be folded when packaging in the box or for storage purposes. Lay all the windows on top of each other with the canvas folded in between and the paper (if available) on both sides of the windows.

**All returned products will be inspected upon arrival at the production facility and must be in unused, factory new condition to receive refund - a 25% restocking fee will apply.**

If ordered from Falcon Ridge please call at 606-845-7439 to gain a return authorization number, use our preferred shipping carrier (UPS) to return the item (unless the item is defective, you are responsible for paying the shipping to return the item.) **Any returns submitted to Falcon Ridge without a return authorization number will be charged a 20% restocking fee.** If ordered from one of Falcon Ridge's many distributors, you must first call them and see what their return policy is. Once your item reaches our production facility, our customer satisfaction team will inspect your item to ensure unused, factory new condition. **NOTE: All windshields must be returned with the original protective film intact and not removed. Do NOT REMOVE if you have any intentions of returning the item. Refund/ replacement of a windshield will only be processed on items with original protective film or if the windshield is defective.**

Items must be properly packaged in the original shipping carton to protect them during transit and ensure your returned item arrives back factory fresh, and in new resalable condition (**any returned items that have been used, altered or damaged in any way will not be subject for a refund.**) All contents including instruction manuals, accessories, hardware, Velcro, etc. must be included in your return shipment. Only items in OEM factory new condition will be approved. Once returned items are received, credit will be issued to the original credit card/ payment method used for the purchase. Outbound shipping and return shipping cost will not be refunded. Please allow 4 to 6 weeks for your refund to be processed.
